2018 AAOA ADVANCED COURSE IN ALLERGY & IMMUNOLOGY

December 6-8, 2018

Sheraton Atlanta Downtown Hotel | Atlanta, GA

The Advanced Course in Allergy & Immunology builds on the basic clinical care of allergic patient concepts and techniques presented at the AAOA's Basic Course in Allergy & Immunology. It delves into concomitant disease, comorbidities, organ-based symptomatology and disease management, and the more complicated patient.

The **Advanced Course in Allergy & Immunology** focuses on:

- Immunology and efficacy of Immunotherapy (SCIT and SLIT)
- Diagnosis and management of food allergy
- Diagnosing and managing the pediatric patient
- Advanced topics (aspirin-exacerbated respiratory disease, medication allergy, local allergy, food allergy stinging insect, skin allergy, oral, ophthalmic, and otologic manifestations)
- Asthma diagnosis and management, including pulmonary function testing and biologics
- Learning the latest on Otologic topics and how it relates to allergy, including diagnosis of dizziness, the latest update on Meniere's disease, migraine associated vertigo, and more!
- Addendum guidelines for the prevention of peanut allergy in the US

Accreditation Statement

The American Academy of Otolaryngic Allergy is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA Credit Designation Statement

The American Academy of Otolaryngic Allergy designates this live activity for *AMA PRA Category 1 Credits*[™]. The amount will be determined based on the final agenda. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
